Project Description:

Total Project Cost	$13,628.00
Amount Requested:	$13,628.00

Statement of Need:
Our financial need is even more dire than many other localities with larger and more robust economies.The recent economic issue have limited our local governments' abilities to provide most basic services to our citizens. Without this grant we will be faced with using equipment that has out lived it's dependability until better economic times arrive.

Comprehensive Project Description:
Our primary goals & objectives is to provide the most reliable and dependable services to our citizens possible. As soon as we receive notice of grant award we will send our RFP's for the equipment and upon completion of a review we will issue purchase orders for the equipment. This equipment shold prove adequate until we mak the transition to a consolidated center.

How will the equipment purchased will support future technologies for PSAP readiness?:
The anticipated life cycle of this equipment is expected to support the future technologies for PSAP readiness as well as the move to a consolidated center.

Budget and Budget Narrative:
Estimated costs are included from vendors which have been provided for this applicaion only. There will be

(9) computer systems $1,376.59 each for a total of $12,389.31 + 10% for price increases for a grand total of $13,628.24

Evaluation:

A letter of compleation of the project can be sent by the Wythe County Administrator to the Wireless Bard indicating installation, testing and training on the use of the equipment has been completed.
