9a. Please describe the type of Web service or other real-time data integration being developed.

10. Will the system/solution proposed for the project be designed to consume data from an external source or sources?

- Yes, multiple sources outside of the agency
- Yes, a single source outside of the agency
- Yes, multiple sources within the agency
- Yes, a single source within the agency
- No, the system/solution will not consume external data
