Project Description:

Total Project Cost \$2,600.00

Amount Requested: \$2,600.00

Statement of Need:

Three of our telecommunicators completed the APCO Fire Services for Communications Specialist on-line. The training gave the telecommunicators a better understanding of the services that the EMS/Fire personnel provide. The telecommunicators are able to do better call assesment so that the correct units respond for calls. As the number of wireless 911 calls increase it is important that the telecommuniators call assesment skills are continually

Comprehensive Project Description:

Our goal is to continue to provide relevant training that will broaden our telecommunicators knowledge of fire services. This will also allow them to conduct better call assesment of wireless 911 calls where time can be essential.

How will the equipment purchased will support future technologies for PSAP readiness?:

N/A

Budget and Budget Narrative:

\$2600 for an online Fire Communications Course through APCO.

Evaluation:

Completion of the Fire Communications Course by six of our telecommunicators during the FY10.
