Project Description:

Total Project Cost \$49,967.00

Amount Requested: \$49,967.00

Statement of Need:

The Department of Emergency Services with the assistance of a grant from the Virginia Department of Health has been providing Emergency Medical Dispatch since 1998 by the Priority Dispatch, Inc. This program has proven to save lives, as well as time for the dispatcher and strengthen our liability. In 2008, we were able to add the Emergency Fire Dispatch program. The Department wishes to strengthen the final phase of the complete the pre-arrival instruction services to the wireless calls, by adding the final program for Crimes. Callers are asking for instructions on what to do while the emergency responders are en route. These calls are from crimes in progress, as well as vehicle accidents / entrapments to incidents that are being witnessed while traveling in their cars on the highway.

Comprehensive Project Description:

It is our goals to send a RFP out for purchasing as soon as we get confirmation of the grant approval. Once purchasing is made then scheduling the install and training with the vendor will be made. It is our hope to have this police phase part of the project finished by the first half of the fourth quarter of the grant cycle.

How will the equipment purchased will support future technologies for PSAP readiness?:

EPD will improve quality of service to the caller. This system will help correctly identify chief complaints in order to give prearrival instructions and assign the needed resources to the wireless caller. Using this system will ensure scene safety and safely prioritize. This system will qualify our communications center with national certification and standards.

Budget and Budget Narrative:

7) Police Pro QA software stations 34,300 1) EPD Modlule 1,000 7) EPD Manual dispatch card sets 2,765 2) EPD Quality Assurance Guides 90 20) EPD Field Responder Guides 200 22) EPD Protocol training 5,940 1) Pro QA Software training 3,000 1) Aqua Software Training 3,000 1) Development install 3,000 1) Year annual maintenance AQUA 150 1) Year annual Pro Qa Maintenance 5,145 1) Year Annual card ser maintenance 277

Evaluation:

Weekly evaluations will be conducted of the installation process. Once operational, weekly evaluations will continue for sixty days.
