Project Description:

Total Project Cost \$54,083.00

Amount Requested: \$54,083.00

Statement of Need:

This project will replace aging, technically voice logging recorder equipment. The current Dictaphone Freedom Recorder will not be supported in the future and it is now always reliable. If additional channels were needed in the future, the recorder would not accommodate that need. Due to high maintenance costs, and issues with this current recorder, and not being able to get parts much longer, it is mandatory and cost effective to purchase a new voice logging system.

Comprehensive Project Description:

The Department currently has Dictaphone's Freedom which will soon no longer be supported by Nice. This request is urgent to replace the current outdated recorder. The system will be replaced immediately when funding is approved. System should be operational within 60 days after purchase. Final payment by the department will not be made until system operates 60 days without any interruptions or errors.

How will the equipment purchased will support future technologies for PSAP readiness?:

It will enable accurate recording for the PSAP and support NG.

Budget and Budget Narrative:

64 channel voice recorder for the PSAP, installation, misc materials, blocks, wire, etc (turnkey system) including extended warranty.

Evaluation:

Calls are monitored and reviewed by communications staff to ensure quality of service. Department will not make final payment until system operates 60 days without any interruptions or errors.
