### **Project Description:**

**Total Project Cost** \$27,470.00

**Amount Requested:** \$27,470.00

### **Statement of Need:**

Lunenburg County is a rural area and is economically challenged and has been affected by recent economic cutbacks. This upgrade is needed to offer county citizens a high level of public service. Our current voice recording system is approximately ten years old and is no longer a serviceable item making it impossible to receive parts for repair. Not receiving funding could impact our level of service to the community.

### **Comprehensive Project Description:**

Goals of this project will be to replace our outdated voice recording system with a new system. If funding is received, project completion would be within 60 days of receiving funding. The new equipment is compatible with all of our present equipment and is compatible with new and upgraded equipment including future radio and telephone upgrades. The equipment purchased will support future technologies by being able to interface with future equipment and integrate with emerging technologies.

### **How will the equipment purchased will support future technologies for PSAP readiness?:**

The new voice logging equipment is compatible with all current on-site equipment and compatible with future equipment upgrades.

### **Budget and Budget Narrative:**

Attached quote for New Mirra IV Voice Recorder, \$16,000. Also year 2 through 5 maintenance, \$11,470.39.

**Evaluation:**

Project will be evaluated by the purchase of the equipment, installation, performance of the equipmen and being able to provide enhanced services to our community. It is also important for Lunenburg County to keep up with technological changes.
