Project Description:

Total Project Cost \$4,739.00

Amount Requested: \$4,739.00

Statement of Need:

Lunenburg County is a rural area and is economically challenged and has been affected by recent economic cutbacks. This upgrade is needed to to offer county citizens a high level of public service. We recently has a mass failure of monitors in our dispatch center. The failure of all the monitors occurred just after the warranty period for the monitors expired. We had eight monitors fail within the course of two months and have since had to use mix and match monitors from others systems, some of which are over 7 years old. The monitors are vital to the operations to the dispatch center.

Comprehensive Project Description:

Goal of this project are to replace the eight monitors we had fail in the dispatch center and have two extra on hand as spares. Monitors will be installed within 30 days of grant approval.

How will the equipment purchased will support future technologies for PSAP readiness?:

Monitors purchased will support future equipment upgrades.

Budget and Budget Narrative:

Purchase of 10 Dell 2007 FP 20.1" LCD Monitors at \$474.00 each as quoted by Dell.

Evaluation:

Project will be evaluated by the purchase of the equipment, installation, performance of the equipment and being able to provide enhanced services to our community.
