Project Description:

Total Project Cost \$7,000.00

Amount Requested: \$7,000.00

Statement of Need:

These are our workstations for the CAD and Mapping system. This system also contains our own database that we keep up to date our self's so we don't have to rely total on the phone companies. This equipment has not been updated for several years and is becoming old and is beginning to have problems with breakdowns and becoming very slow. If this funding is not provided we can only repair items, as they are needed. This upgrade should hold us for another five years at least. As you know computers are almost out dated the day you install them.

Comprehensive Project Description:

Goal is to have as modern equipment as we can in our PSAP for our dispatchers to better serve the public. Implementation and accomplishments of installing this equipment will be no more than 6 months after notification of award of grant.

How will the equipment purchased will support future technologies for PSAP readiness?:

This equipment will be able to handle all phases of an updated Cad and Mapping system.

Budget and Budget Narrative:

3 New PCs at a Cost of \$1500 per unit Installation and Setup \$2500

Evaluation:

After installation equipment will be used to see that it performs all the functions that we require. An invoice showing that the equipment has been installed and paid for will be forward to you.
