Project Description:

Total Project Cost \$10,000.00

Amount Requested: \$10,000.00

Statement of Need:

This funding will allow for the upgrading of our Gis Mapping to allow for proper road center line location and proper address building points. If funding is not provided it could result in a longer response time for units because road center line and address building points may be in the wrong location causing the dispatching of the wrong emergency units.

Comprehensive Project Description:

Goal and objective is to have all road center lines and address building points to match the new Va aerials that we just received.

How will the equipment purchased will support future technologies for PSAP readiness?:

There will be no equipment purchased just labor for time spent.

Budget and Budget Narrative:

Vender to be paid by the hour to update maps.

Evaluation:

When maps are received they well be viewed by in house personnel for mistakes and viewed for

correctness.
