Project Description:

Total Project Cost \$17,527.00

Amount Requested: \$17,527.00

Statement of Need:

The 9-1-1 Center lacks the necessary security components for a regional PSAP. The ability of dispatchers to

monitor the activities around the facility is very limited. In addition the addition of a identification key access system would provide additional security features controlling access inside the dispatch center.

Comprehensive Project Description:

This project includes two key components. One is the addition of a PC based access control system (ID keys). This would allow access to authorized 9-1-1 staff and track who enters the building (staff). The second component is additional camera surveillance equipment. This includes four cameras (for all sides of the facility) a monitor, recorder, and all installation. After utilizing the appropriate mechanisms for procurement, the access system and camera system will be purchased, installed, and tested during the upcoming fiscal year.

How will the equipment purchased will support future technologies for PSAP readiness?:

The additional of additional security for the PSAP promotes the over readiness and sustainability of the 9-1-1 Center.

Budget and Budget Narrative:

Quote provided by vendor - (including percentage for future price increases) - \$17,527

Evaluation:

After installation will be tested and utilized on an on-going basis (this will allow for recognition of the success of the project and any equipment/service problems)

 - 1 Power Supply for Intercom System
 - 2 Door Release Relays
 - 1 Power Supply for Door Strikes
- All Reader, Communication and Installation Included

OPTION I – CUSTOMER OWNED

System Installation - **\$ 8,949.66**
One Year Warranty Parts and Labor

OPTION II – ADT OWNED

System Installation - **\$ 5,663.99**

Monthly Full Service - including maintenance **\$ 88.00**

System Requirements: Computer Provided by Customer

- *Windows 2000, XP 2003 Standard, Enterprise Server, Vista*
- *Pentium IV Processor at 1.8 GHz (minimum)*
- *512 MB Ram*
- *10 GB HDD minimum*
- *1024 x768 Graphic adapter card*
- *32MB Graphic adapter card*
- *CD-ROM drive*
- *10/100 MBPS Ethernet TCP/IP Network Card*
- *Mouse and Keypad*
- *Printer – to print events*

CCTV Surveillance System

- 4 Color Cameras, mini dome 2.5-6mm
- 1 19inch LCD Monitor, 1280x1024 resolution
- 1 Ceiling Monitor Mount
- 1 9ch. Digital Video Recorder w/built-in CDRW
- 1 Recorder Lock Box

ALL COAXIAL CABLE AND INSTALLATION INCLUDED

OPTION I – CUSTOMER OWNED

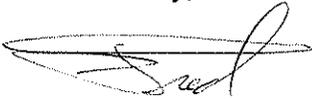

System Installation - **\$ 6,984.08**
One Year Warranty Parts and Labor

OPTION II – ADT OWNED

System Installation - **\$ 4,594.54**
Monthly Full Service - including maintenance **\$ 104.00**

Thank you once again for allowing ADT Security Services to present our proposal regarding the design, and installation to add on to your existing CCTV System and new Access Control System for Eastern Shore of Virginia 9-1-1 Center. I hope you found our proposal to offer valuable solutions for your security needs. We look forward to serving you. Please call me at 757-852-5048 with any questions that you may have.

Sincerely,

Fred Inzerillo
