COMPREHENSIVE PROJECT DESCRIPTION

Describe how the education/training is 9-1-1/public safety communications specific and how this will benefit E-911 and the employee(s) and/or PSAP.

GIS is an integral part of the City of Radford's 911 system. As we migrate to NG911, comprehensive GIS data will become even more instrumental for effective and timely responses to emergency situations.

While I have considerable experience with GIS, I do not have a background in Public Safety. Therefore, in order to better serve the City of Radford PSAP, I would like to attend available, relevant training.

EVALUATION

Describe the evaluation process that will be used to determine if participation in this education/training benefited the PSAP and/or supported E-911 and GIS.
