Discussion Topics

Training Options: Technical and Management

Technical Course Suggestions:

1. Metasploit Kung Fu for Enterprise Pen Testing (SEC580)
2. BYOD (SEC571)
3. Cloud Security Fundamentals (SEC524)
4. Virtualization Security Fundamentals (SEC577)
5. Implementing and Auditing the twenty critical controls (SEC566)

***Technical training may require a laptop**

Management Course Suggestions:

1. Technical Communication and Presentation Skills for Security Professionals (MGT305)
2. A Practical Introduction to Risk Assessment (MGT415)
3. Information Security for the Business Executive (MGT432)
4. IT Security Strategic Planning, Policy and Leadership (MGT514)

Audit Course Suggestions:

1. [Implementing and Auditing the Twenty Critical Security Controls](#) (AUD566)
2. [20 Critical Security Controls: Planning, Implementing and Auditing](#) (AUD440)

*Some of these are two-day courses, but in the past VA SCAN has found SANS willing to adjust courses to fit into one-day time slots. Committee will discuss possibilities with SANS.

Keynote speaker suggestions: Technical vs. Non Technical

Suggested Speakers:

Dave Farris - CISO Genworth
Dave Cullinane – Cloud Security Alliance co-founder
Richard Boly – career U.S. diplomat and currently the Director of the Office of eDiplomacy, an applied technology think tank for the U.S. State Dept.
Tom Bowers – Former VCCS ISO now working in private sector
Mike Watson – VITA ISO
David Crisafi – FBI Cyber Squad (Richmond Field Office)
ISO from other state agencies

Other Suggestions:

Check with the Cyber Security Partnership for possible speaker selection
Contact VCU's Dean of the School of Business for suggestions for speakers

Committee had discussion on whether to invite speakers or solicit presentation proposals from the ISOAG members. Decision was made for the IS Council Committee to invite speakers for the conference.

Action Items: Ed Miller will send the IS Conference survey out to ISO's and will include an announcement about the survey on the agenda for the next ISOAG meeting.

Next Meeting: February 11, 2013
